

Nomenclatures Tickmarks

The **Tickmarks** nomenclature enables you to define [tickmarks](#) that can be used in the engagement's [working papers](#). To access the nomenclature, open the **Settings** tab and click the **Tickmarks** button.

The screenshot shows the AuditDesktop (AuditDesktop) application interface. The main window has a title bar with "AuditDesktop (AuditDesktop)" and standard window controls. Below the title bar is a navigation bar with tabs: Home, Common reports, Timesheets, Planning, Settings, Audit, Risks, Reports, and Statements. The "Settings" tab is active, and the "Tickmarks" button is selected. The interface is divided into several sections: Organisation, Structures, Processes, Audit universe, Activities, Tickmarks, Countries, Currencies, Employees, Job positions, Work calendar, HR, Library, and Methods. A "Tickmarks" window is open, showing a table with columns "Sym", "Code", and "Description". The table contains the following data:

Sym	Code	Description
W	IAS701	
V	TAX	
w	TAX	
μ	t1	
⊙	t2	

Below the table is a search bar with the text "Search...". The bottom status bar shows "User: John Smith" and "Audit: Ada Soft Audit Ltd. (2015)".

For each tickmark you can define the following parameters:

- **Symbol** - a graphic representation of the tickmark. You can use any symbol from the Character map of the program font. Click the "..." button and select the symbol, or insert it manually via the keyboard (maximum length of three symbols)
- **Code** - for a quick access during keyboard input (maximum length of five symbols)
- **Description** - a short text describing the meaning of the tickmark
