

# Edit Final Income Statement

To be able to edit the **Final income statement**, perform the steps:

1. Open the **Statements** tab and click **Income statement**.
2. Open the **Final** tab.
3. Click the **Editing:**  **Data** button.

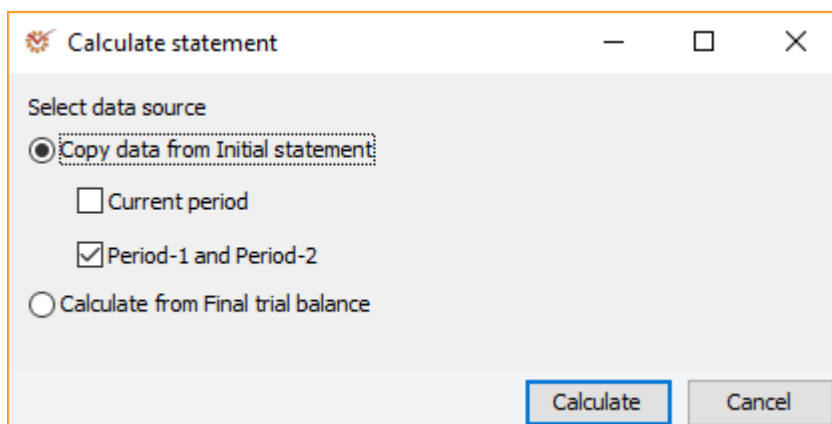

Code	Name	Current period	Period -1	Period -2
20000	INCOME STATEMENT			
21300	REVENUE			
21301	Turnover			
21302	Sales discount			
21400	OTHER INCOME			
21401	Rent income			
21402	Profit on disposal of property, plant and equipment			
21403	Profit on disposal of investments			
21404	Insurance claims			
21405	Other miscellaneous income			
21500	COST OF SALES			
21501	Purchases			
21502	Freight and clearing expenses			
21503	Other direct costs, etc.			
21600	OPERATING EXPENSES			
21601	Salaries and wages			
21602	Directors' remuneration			

The active window includes the columns:

- **Code** - the code of the item
- **Name** - the name of the item
- **Current period** - the value of the current period's value
- **Period-1** - previous to the current period
- **Period-2** - period before last

The  **Import data** button opens the window for selecting [data import specifications](#).

The  **Calculate** button opens the **Calculate statement** window:

Select data source

Copy data from Initial statement

Current period

Period-1 and Period-2

Calculate from Final trial balance

Calculate Cancel

The **Final income statement** is not set up to be automatically calculated in the program. You can either enter it manually or use the automatic calculation option.

- **Copy data from Initial statement** - uses data from the Initial income statement
  - **Current period** - apply to current period
  - **Period-1 and Period-2** - apply to previous period and the period before last
- **Calculate from Final trial balance** - the program will use data from the Final trial balance, i.e. the trial balance which includes the adjustments and reclassifications

4. When you finish editing, click  **Save**.
